

2019-20 School Wide Curriculum Expectations

In the 2019-20 school year St. Joseph School will have blended learning environments with small group instruction, project-based learning, and Tier I and II instructional time.

Faculty and staff will pride themselves on their organization, preparation, and data driven lesson planning.

The school community will take on a growth Mind Set and work together to ensure that every student meets their individual goals.

The faculty and parents will work together to ensure that everyone develops the knowledge, skills and desire that are necessary so the disciplined habits are established

WASC/WCEA Goals for 2017 to 2023

- 1. Create and use school wide rubrics**
- 2. Resources to help improve math and language arts throughout the school**
- 3. Faculty development with intervention strategies to help improve student learning**
- 4. Develop faith formation opportunities for families**
- 5. Upgrade technology access for students**
